IS RIGHT FOR YOUR CAMPAIGN?

WINNING TESTIMONIALS

ANGIE CHEN BUTTON Texas State House of Representatives

As an immigrant, who grew up in a 300 sq ft hut in Taiwan living with my parents, three siblings and our grandmother I have always felt blessed to be part of our great American dream.

When I decided to run for State House of Representatives, I faced some unique challenges, but I have learned to surround myself with the right people and to trust them to do their jobs well.

I did my homework on the political consultants across our state and chose Murphy Turner Associates because they made a powerful impression on me and my husband when we met for the first time. My husband told me after that meeting that these guys were winners.

And like he usually is, my husband was right.

Together and I mean that - together - we ran what was called the best race in the state that year. And today, I count them as not only my consultants, but my trusted friends. I know that I can count on them anytime I need them.

WINNING TESTIMONIALS

MICHAEL WATSON

Mississippi State Senate District 51

As a 29-year old lawyer, who had never before served in elective office, challenging at 16 year incumbent in the Mississippi Republican Primary, most people in politics called me a long shot - or didn't call me at all.

But I knew the moment I spoke with Murphy Turner Associates on the phone for the first time that these guys were going to help me win our election. Things got tough before too long, but let me tell you, these guys were as cool as the other side of a pillow.

"Stick to the plan," they told me. And we did - redoubling our efforts.

With a lot of hard work, the support of my family and the grace of God, I prevailed in my election by thirty points. Today I am working hard to serve my constituents on the Mississippi Gulf Coast.

Thankfully, my story with Murphy Turner Associates didn't end when the campaign did. They have always been there when I needed them, and we have built a strong friendship. My race was one of the biggest of the year across the state of Mississippi. If you're facing tough odds or just have a really big race, you need Murphy Turner Associates.

JIM PITTS

Texas State House of Representatives District 10
Chairman – State House Appropriations Committee

You know what? I would not be where I am today without the help of Murphy Turner Associates.

As the Chairman of the Texas State House Appropriations Committee, I am able to serve not only my constituents back home in Ellis and Hill counties, but I have been able to serve the citizens of our entire state and indeed this nation.

We have set a tone in Texas - of being fiscally prudent with the taxpayers' money. We defend property rights and battle attempts to harshly regulate employers. Our goal has been to encourage job growth - not kill it like they have in other states.

And the results are clear. Texas is strong. We are creating jobs. And we have been able to cut taxes - while other states raise them.

All this I have been honored to be part of, and none of it would have come to pass without the help of my trusted friends at Murphy Turner Associates. They are cutting edge. And they run the best campaigns in America. And let me tell you what - you sure don't want them on the other side.

Murphy Turner has helped me get to a position where I am able to really help people. They can do the same for you.
